

2025 Community Impact

Investments in
building healthy,
thriving communities.

**\$3.2B total community
impact investments**

\$101M

Charity care

Financial assistance provided to uninsured and under-insured patients who are unable to pay for medically necessary care.

\$101M

**Health professional
education and research**

Training future healthcare professionals, expanding the scope of current practitioners and investing in research.

\$883M

Medicaid/Medi-Cal and
other public programs

Coverage shortfalls*

Unpaid costs to provide care to patients enrolled in Medicaid/Medi-Cal and other public programs.

\$2B+

Capital investments**

Expenditures to expand access and improve quality of care, through new construction or modernization of medical centers and/or hospitals.

\$106M

Community health impact services

Investments, in-kind contributions, and services to support the health of vulnerable patient populations and improve overall community well-being.

150+

Community Partners

Community health partnerships

We work side by side with community-based partnerships to support community health programs that support vulnerable patient populations and improve overall community well-being.

+ 6.2M

Number of critical services delivered through community health investments and collaborations with community partners.

+ 353K

Number of people reached through community health investments, programs and partnerships.

*These programs pay Sutter Health less than it costs the organization to provide care to its Medicaid/Medi-Cal and other public programs patients. The amounts shown are the actual costs to provide these services above reimbursement.

**Capital Investments are not classified as community benefit by the IRS.
